NOTES:

Managers will be expected to liaise with the other programme and production managers and between them supply a brief weekly report stating activities, audience figures, strengths, weaknesses, further opportunities.

Managers will report to the Summer City Co-ordinating committee.

The above is only a sample programme loosely based on last year's activities. The ambition for 2015 is to increase the quality and breadth of the programme e.g. extra quality events, plans for Sundays, better use of entertainment etc. Please note that a basic Vocal PA will be supplied at the beginning of the Summer for events. This is for vocals only. The fee should allow for the expense or supply of a band PA/Backline etc. The Vocal PA will need to be set-up and taken down each day of use. The Vocal PA may be used for other events during the summer and should be supplied, if requested, for a basic low fee.

Clem Hire will be setting up Covers for both John Roberts Square and Bailey's New Street. Production will be expected to coordinate this.

Production will also be expected to build the stage, liaise with electricians, engineers etc. Stages must look aesthetically pleasing, be level and safe.

There are also a number of events that are paid from the programme and a number of events that are independently financed but need differing levels of production supervision.

Events with an agreed payment structure:

Marching Bands - most Saturdays  
You will be expected to work with/around them so they can become part of the summer programme in JRS on Saturdays.

TOTAL COST €0 (taken from a different budget)

Independent pre-programmed events:

Events in Bishop Palace Square such as Comhaltas and Tango. These events need an element of production and any electric connectors must be included in your budget. They must also be included in the prog.

Other Independent events:

Artbeat. Self contained weekly events. Supervisory role only and must also be included in the prog. Any electric connectors must be

Jazz Festival, Viking Rocks, Spraoi  
Etc. A lesser supervisory role must  
also be included in the prog. Any  
electric connectors must be included  
in your budget.
